

KOMFO ANOKYE TEACHING HOSPITAL
P.O.BOX, 1934
BANTAMA-KSI.

11TH MARCH, 2024

Dear Chairman, KADA

URGENT PETITION AGAINST EJECTION OF CONSULTANTS AND SPECIALISTS
DOCTORS IN KATH ACCOMODATION AT DANYAME.

Consultants and Specialist doctors in the Danyame enclave are being harassed and threatened to move out of the of their accommodation which are in the close proximity to the hospital where they are able to attend to emergencies promptly and around the clock.

This action is being spearheaded by private developers who claim they have been sold these lands by Land commission/Manhyia/Regional Co-ordinating Council.

Some of these consultants who have been living there for over 10 years have been given One (1) week to move or face forceful ejection by thugs. They are incessantly being harassed by phone calls, threats of cutting their electricity and water supply rendering them living in constant fear and panic.

The rest of the consultants and Specialist living in this enclave have been instructed to get ready for ejection since the developers are eager to take possession.
Some of these consultants have served the hospital for almost 3 decades(30years).

We are appealing to the Komfo Anokye Doctors Association (KADA) and the Ghana Medical Association to intervene on our behalf to bring a lasting solution to this stressful and mentally draining situation. Especially in the wake of Heal Komfo Anokye we believe that consultants who are vital stakeholders in the improvement of health service delivery in Kath should not be shamefully treated like this.

Attached is a list of Petitioners.
